Forecast For Wales
Issued by Met Office Exeter
at 1600 on Wednesday 03 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Changeable and relatively mild at first. Colder by the weekend.

This Evening and Tonight:
Scattered showers in the west and north, with some prolonged rain for a time across northwest Wales. Driest and clearest in the south and east. Minimum temperature 4 deg C (39 deg F).

Thursday:
A largely dry start with sunny spells. Cloud building through the day, bringing an increasing chance of shower, especially in the south and west. Showers becoming more widespread overnight. Maximum temperature 11 deg C (52 deg F).

Outlook for Friday to Sunday:
A band of rain moving east through the country early on Friday. Saturday cloudy but mostly dry but a few wintry showers on Sunday. Turning much colder through the weekend.
